WANTED

WANTED—A thousand subscribers to the COURIER. Only \$1 per year.

To Our Readers.

We are still sending our paper to many who, as yet, have failed to inform us whether or not they wish to become subscribers. To all such we would say, that while we dislike to drop you from our list, we will do so should we not hear from you in a few days. We do not want to impose our paper upon any one who really does not want it and will not do so after we learn that it is an imposition. We are doing our best to publish a paper that every person in the county will be proud of, and yet we hardly hope to please all. Our paper has been very highly commended for some features and in some instances by parties who thought we were engaging in a business that would prove a failure. We have never known what it was to fail and we are certain that this enterprise will not prove a failure. We will accept subscribers for three or six months at the same rate as yearly subscribers. If we have an agent at your office consult him, if not write us.

We call attention to the card of Brookmire, Ranken, & Scudder, of St. Louis, in this issue. They are represented by John S. Irwin, who, with his long experience and great popularity, is the best man they could put on the road in this territory.

Miss Minnie McFall returned home Sunday from Adamsville, where she had been visiting. She was accompanied by a gallant beau of our neighbor town who, we think, might make it to his advantage to locate here.

Thanking the people of Savannah and surrounding country for past favors, I solicit a continuation of your patronage. Hoping that I have pleased you in the past I guarantee satisfaction in the future.

The editorial and business staff of THE UNION will be composed of trained journalists who have been connected with the American for many years, and who have withdrawn from that paper on account of its passing into the hands of the parties who now own and control the Nashville World.
